<TEXT>I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

I am a struggling parent. I recently received a long distance bill where the the taxes and fees on the single call I made, cost more than the actual call itself!

I live in one calling area (a rural area) and work 40 miles away. Its important to me that my kids can call me on my cell phone when they get home from school.

Please, I'm begging you, stop adding more taxes and fees to the things I need.
